FOSTER'S SCHOOL, SHERBORNE. (1937)

A review of all the items concerning the history of Foster's School donated to and subsequently held by Sherborne Museum began in May 2012 and was undertaken by Ken House, John House and Barbara Elsmore.

This review was completed in December 2015 and the archive was found to contain around 450 items spanning the years 1874-2013. Around 100 photographs were located including 44 whole school photos and many sporting photos.

Important additional documents held by Dorset Record Office also included.

In December 2015 additional items, held by Ken House President of the Old Fosterians' Association, were submitted to the Museum for their consideration for accession to the school archive.

[In June 2020 Sherborne Museum accessioned 28 additional items \(consisting of multiple documents and photos totalling upwards of 200\) donated by Ken House which was agreed and signed for by the Chairman of the OFA. This brings the total number of items to c475 These additional items are listed in blue.](#)

In time the Museum will be producing a list of all items held by them and sending a copy to the OFA for the website.

2025 original list updated once again and added to the Fosters and LDS website in both alphabetical and date order.
